(5) Any county with curfew monitor charges outstanding over 60 days shall be considered in violation of the community curfew monitor program agreement and lose access to the program.

Sec. 604. (1) The funds appropriated in part 1 for criminal justice reinvestment shall be used only to fund data collection and evidence-based programs designed to reduce recidivism among probationers and parolees.

(2) Of the funds appropriated in part 1 for criminal justice reinvestment, at least \$600,000.00 shall be allocated to an organization that has received a United States Department of Labor training to work 2-adult reentry grant to provide county jail inmates with programming and services to prepare them to get and keep jobs. Examples of eligible programs and services are, but are not limited to: adult education, tutoring, manufacturing skills training, participation in a simulated work environment, mentoring, cognitive therapy groups, life skills classes, substance abuse recovery groups, fatherhood programs, classes in understanding the legal system, family literacy, health and wellness, finance management, employer presentations, and classes on job retention. Programming and support services should begin before release and continue after release from the county jail. To be eligible for funding, an organization must show at least 2 years' worth of data that demonstrate program success.

Sec. 611. The department shall prepare by March 1 individual reports for the residential reentry program, the electronic monitoring program, and the special alternative to incarceration program. The reports shall be submitted to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office. Each program's report shall include information on all of the following:

(a) Monthly new participants by type of offender. Residential reentry program participants shall be categorized by reason for placement. For technical rule violators, the report shall sort offenders by length of time since release from prison, by the most recent violation, and by the number of violations occurring since release from prison.

(b) Monthly participant unsuccessful terminations, including cause.

(c) Number of successful terminations.

(d) End month population by facility/program.

(e) Average length of placement.

- (i) Comparison with prior year statistics.
- (j) Analysis of the impact on prison admissions and jail utilization and the cost effectiveness of the program.

Sec. 612. (1) The department shall review and revise as necessary policy proposals that provide alternatives to prison for offenders being sentenced to prison as a result of technical probation violations and technical parole violations. To the extent the department has insufficient policies or resources to affect the continued increase in prison commitments among these offender populations, the department shall explore other policy options to allow for program alternatives, including department or OCC-funded programs, local level programs, and programs available through private agencies that may be used as prison alternatives for these offenders.

(2) By April 1, the department shall provide a report to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office on the number of all parolees returned to prison and probationers sentenced to prison for either a technical violation or new sentence during the preceding fiscal year. The report shall include the following information for probationers, for parolees after their first parole, and for parolees who have been paroled more than once:

(a) The numbers of parole and probation violators returned to or sent to prison for a new crime with a comparison of original versus new offenses by major offense type: assaultive, nonassaultive, drug, and sex.

(b) The numbers of parole and probation violators returned to or sent to prison for a technical violation and the type of violation, including, but not limited to, zero gun tolerance and substance abuse violations. For parole technical rule violators, the report shall list violations by type, by length of time since release from prison, by the most recent violation, and by the number of violations occurring since release from prison.

(c) The educational history of those offenders, including how many had a high school equivalency or high school diploma prior to incarceration in prison, how many received a high school equivalency while in prison, and how many received a vocational certificate while in prison.

(d) The number of offenders who participated in the reentry program versus the number of those who did not.

(e) The unduplicated number of offenders who participated in substance abuse treatment programs, mental health treatment programs, or both, while in prison, itemized by diagnosis.

Sec. 615. (1) The department shall submit a report detailing the number of prisoners who have received life imprisonment sentences with the possibility of parole and who are currently eligible for parole to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office by April 30.

(2) The report shall include the following information on parolable lifers who have served more than 25 years: prisoner name, MDOC identification number, prefix, offense for which life term is being served, county of conviction, age at time offense was committed, current age, race, gender, true security classification, dates of parole board file reviews, dates of parole board interviews, parole guideline scores, and reason for decision not to release.

Sec. 617. From the funds appropriated in part 1 for the residential alternative to prison program, the department shall provide vocational, educational, and cognitive programming in a secure environment to enhance existing alternative sentencing options, increase employment readiness and successful placement rates, and reduce new criminal behavior for the west Michigan probation violator population. The department shall measure and set the following metric goals:

(a) 85% of participants successfully complete the program.

(b) Of the participants that complete the program, 75% will earn a nationally recognized credential for career and vocational programs.

(c) Of the participants that complete the program, 100% will earn a certificate of completion for cognitive programming.

(d) The prison commitment rate for probation violators will be reduced by 5% within the impacted geographical area after the first year of program operation.

HEALTH CARE

Sec. 802. As a condition of expenditure of the funds appropriated in part 1, the department shall provide the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office with quarterly reports on physical and mental health care detailing quarterly

and fiscal year-to-date expenditures itemized by vendor, allocations, status of payments from contractors to vendors, and projected year-end expenditures from accounts for prisoner health care, mental health care, pharmaceutical services, and durable medical equipment. These reports shall include a breakdown of all payments to the integrated care provider itemized by physical health care, mental health care, and pharmacy expenditures.

Sec. 803. (1) The department shall assure that all prisoners, upon any health care treatment, are given the opportunity to sign a release of information form designating a family member or other individual to whom the department shall release records information regarding a prisoner. A release of information form signed by a prisoner shall remain in effect for 1 year, and the prisoner may elect to withdraw or amend the release form at any time.

(2) The department shall assure that any such signed release forms follow a prisoner upon transfer to another department facility or to the supervision of a parole officer.

(3) The form shall be placed online, on a public website managed by the department.

Sec. 804. The department shall report quarterly to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office on prisoner health care utilization. The report shall include the number of inpatient hospital days, outpatient visits, emergency room visits, and prisoners receiving off-site inpatient medical care in the previous quarter, by facility.

Sec. 807. The funds appropriated in part 1 for Hepatitis C treatment shall be used only to purchase specialty medication for Hepatitis C treatment in the prison population. In addition to the above appropriation, any rebates received from the medications used shall be used only to purchase specialty medication for Hepatitis C treatment. On a quarterly basis, the department shall issue a report to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office, showing for the previous 4 quarters the total amount spent on specialty medication for the treatment of Hepatitis C, the number of prisoners that were treated, the amount of any rebates that were received from the purchase of specialty medication, and what outstanding rebates are expected to be received.

Sec. 812. (1) The department shall provide the department of health and human services with a monthly list of prisoners newly committed to the department of corrections. The department and the department of health and human services shall enter into an interagency agreement under which the department of health and human services provides the department of corrections with monthly lists of newly committed prisoners who are eligible for Medicaid benefits in order to maintain the process by which Medicaid benefits are suspended rather than terminated. The department shall assist prisoners who may be eligible for Medicaid benefits after release from prison with the Medicaid enrollment process prior to release from prison.

(2) The department shall provide the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office with quarterly updates on the utilization of Medicaid benefits for prisoners.

Sec. 816. By April 1, the department shall provide the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office with a report on pharmaceutical expenditures and prescribing practices. In particular, the report shall provide the following information:

(a) A detailed accounting of expenditures on antipsychotic medications.

(b) Any changes that have been made to the prescription drug formularies.

CORRECTIONAL FACILITIES ADMINISTRATION

Sec. 901. From the funds appropriated in part 1 for the enhanced food technology program, the department shall expand the existing food technology education program to at least 700 inmates annually. A participant in the food technology program shall complete 408 hours of on-the-job training in a prison kitchen as a part of the program.

Sec. 902. All inmates working in prison kitchens shall complete the minimum requirements for a ServSafe Food Handler certificate before being allowed to work in the kitchens. Requirements shall be met by using online materials unless the department determines the program would be best served by using other materials. Current prison kitchen workers shall complete the requirements for a ServSafe Food Handler certificate on or before April 1, to maintain eligibility to work in a prison kitchen.

Sec. 903. (1) All department-operated prisoner food service operations shall be annually inspected to ensure they meet food safety standards established for food service establishments under the food law, 2000 PA 92, MCL 289.1101 to 289.8111, or for food service establishments under the 2001 food code published by the Food and Drug Administration of the Public Health Service of the Department of Health and Human Services. Funds appropriated in part 1 for prison kitchen inspections shall be used for costs to implement this section and for inspecting prison food service operations.

(2) Nothing in this section shall be construed to remove the exemption under section 1107(p) of the food law, 2000 PA 92, MCL 289.1107.

Sec. 903a. From the funds appropriated in part 1 for prison food service, the department shall report biannually to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office on the following:

(a) Average per-meal cost for prisoner food service. Per-meal cost shall include all costs directly related to the provision of food for the prisoner population, and shall include, but not be limited to, actual food costs, total compensation for all food service workers, including benefits and legacy costs, and inspection and compliance costs for food service.

(b) Food service-related contracts, including goods or services to be provided and the vendor.

(c) Major sanitation violations.

Sec. 904. The department shall calculate the per prisoner/per day cost for each prisoner security custody level. This calculation shall include all actual direct and indirect costs for the previous fiscal year, including, but not limited to, the value of services provided to the department by other state agencies and the allocation of statewide legacy costs. To calculate the per prisoner/per day costs, the department shall divide these direct and indirect costs by the average daily population for each custody level. For multilevel facilities, the indirect costs that cannot be accurately allocated to each custody level can be included in the calculation on a per-prisoner basis for each facility. A report summarizing these calculations and the direct and indirect costs included in them shall be submitted to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office not later than December 15.

Sec. 905. (1) From the funds appropriated in part 1 for leased beds and alternatives to leased beds, the department may implement a county jail bed program to house eligible prisoners sentenced to the custody of the department in county jails rather than in state correctional facilities.

(2) A county may volunteer to participate in the county jail bed program and house eligible prisoners sentenced to the custody of the department in its county jails.

(3) If a county participating in the county jail bed program has available bed space in its county jail and the department has prisoners in its custody meeting the eligibility requirements under this section, the department may place the eligible prisoners in the county jail.

(4) A prisoner shall meet all of the following eligibility requirements to be placed in a county jail under this section:

(a) The prisoner has been given a level I classification by a department classification committee on a scale of 6 levels in which level I is the least restrictive level.

(b) The prisoner is not serving a sentence for conviction of a violation or attempted violation of section 520b, 520c, 520d, 520e, or 520g of the Michigan penal code, 1931 PA 328, MCL 750.520b, 750.520c, 750.520d, 750.520e, and 750.520g.

(c) The prisoner is serving a fixed sentence with a determined discharge date.

Sec. 906. Any local unit of government or private nonprofit organization that contracts with the department for public works services shall be responsible for financing the entire cost of such an agreement.

Sec. 907. The department shall report by March 1 to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office on academic and vocational programs. The report shall provide information relevant to an assessment of the department's academic and vocational programs, including, but not limited to, all of the following:

(a) The number of instructors and the number of instructor vacancies, by program and facility.

(b) The number of prisoners enrolled in each program, the number of prisoners completing each program, the number of prisoners who do not complete each program and are not subsequently reenrolled, and the reason for not completing the program, the number of prisoners transferred to another facility while enrolled in a program and not subsequently reenrolled, the number of prisoners enrolled who are repeating the program, and the number of prisoners on waiting lists for each program, all itemized by facility.

(c) The steps the department has undertaken to improve programs, track records, accommodate transfers and prisoners with health care needs, and reduce waiting lists.

(d) The number of prisoners paroled without a high school diploma and the number of prisoners paroled without a high school equivalency.

(e) An explanation of the value and purpose of each program, for example, to improve employability, reduce recidivism, reduce prisoner idleness, or some combination of these and other factors.

(f) An identification of program outcomes for each academic and vocational program.

(g) The number of prisoners not paroled at their earliest release date due to lack of a high school equivalency, and the reason those prisoners have not obtained a high school equivalency.

Sec. 908. From the funds appropriated in part 1, the department shall establish a pilot online career high school education program to serve up to 400 inmates through a regionally accredited public or private school district that offers career-based online high school diplomas designed to prepare adult inmates for transition into the workplace. The department may use federal funds provided to educate inmates to expand this pilot beyond 400 inmates. Funds for the pilot may also be used for certification programs related to the enhanced food technology program. The department shall provide an initial report no later than June 1 regarding the progress of the inmates in the online high school diploma and career certificate programs to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office.

Sec. 910. The department shall allow the Michigan Braille transcribing fund program to operate at its current location. The donation of the building by the Michigan Braille transcribing fund at the G. Robert Cotton Correctional Facility in Jackson is acknowledged and appreciated. The department shall continue to encourage the Michigan Braille transcribing fund program to produce high-quality materials for use by the visually impaired.

Sec. 911. By March 1, the department shall report to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office the number of critical incidents occurring each month by type and the number and severity of assaults, escape attempts, suicides, and attempted suicides occurring each month at each facility during the immediately preceding calendar year.

Sec. 912. The department shall report monthly to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office on the ratio of correctional officers to prisoners for each correctional institution, the ratio of shift command staff to line custody staff, and the ratio of noncustody institutional staff to prisoners for each correctional institution.

Sec. 913. (1) From the funds appropriated in part 1, the department shall focus on providing required programming to prisoners who are past their earliest release date because of not having received the required programming. Programming includes, but is not limited to, violence prevention programming, assaultive offender programming, sexual offender programming, substance abuse treatment programming, thinking for a change programming, and any other programming that is required as a condition of parole.

(2) It is the intent of the legislature that any prisoner required to complete a violence prevention program, sexual offender program, or other program as a condition of parole shall be placed on a waiting list for the appropriate programming upon entrance to prison and transferred to a facility where that program is available in order to accomplish timely completion of that program prior to the expiration of his or her minimum sentence and eligibility for parole. Nothing in this section should be deemed to make parole denial appealable in court.

(3) The department shall submit a quarterly report to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office detailing enrollment in sex offender programming, assaultive offender programming, violent offender programming, and thinking for a change programming. At a minimum, the report shall include the following:

(a) A full accounting, from the date of entrance to prison, of the number of individuals who are required to complete the programming, but have not yet done so.

(b) The number of individuals who have reached their earliest release date, but who have not completed required programming.

(c) A plan of action for addressing any waiting lists or backlogs for programming that may exist.

Sec. 924. The department shall evaluate all prisoners at intake for substance abuse disorders, serious developmental disorders, serious mental illness, and other mental health disorders. Prisoners with serious mental illness or serious developmental disorders shall not be removed from the general population as a punitive response to behavior caused by their serious mental illness or serious developmental disorder. Due to persistent high violence risk or severe disruptive behavior that is unresponsive to treatment, prisoners with serious mental illness or serious developmental disorders may be placed in secure residential housing programs that will facilitate access to institutional programming and ongoing mental health services. A prisoner with serious mental illness or serious developmental disorder who is confined

in these specialized housing programs shall be evaluated or monitored by a medical professional at a frequency of not less than every 12 hours.

Sec. 925. By March 1, the department shall report to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office on the annual number of prisoners in administrative segregation between October 1, 2017 and September 30, 2018, and the annual number of prisoners in administrative segregation between October 1, 2017 and September 30, 2018 who at any time during the current or prior prison term were diagnosed with serious mental illness or have a developmental disorder and the number of days each of the prisoners with serious mental illness or a developmental disorder have been confined to administrative segregation.

Sec. 929. From the funds appropriated in part 1, the department shall do all of the following:

(a) Ensure that any inmate care and control staff in contact with prisoners less than 18 years of age are adequately trained with regard to the developmental and mental health needs of prisoners less than 18 years of age. By April 1, the department shall report to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office on the training curriculum used and the number and types of staff receiving annual training under that curriculum.

(b) Provide appropriate placement for prisoners less than 18 years of age who have serious mental illness, serious emotional disturbance, or a serious developmental disorder and need to be housed separately from the general population. Prisoners less than 18 years of age who have serious mental illness, serious emotional disturbance, or a serious developmental disorder shall not be removed from an existing placement as a punitive response to behavior caused by their serious mental illness, serious emotional disturbance, or a serious developmental disorder. Due to persistent high violence risk or severe disruptive behavior that is unresponsive to treatment, prisoners less than 18 years of age with serious emotional disturbance, serious mental illness, or serious developmental disorders may be placed in secure residential housing programs that will facilitate access to institutional programming and ongoing mental health services. A prisoner less than 18 years of age with serious mental illness, serious emotional disturbance, or a serious developmental disorder who is confined in these specialized housing programs shall be evaluated or monitored by a medical professional at a frequency of not less than every 12 hours.

(c) Implement a specialized offender success program that recognizes the needs of prisoners less than 18 years old for supervised offender success.

Sec. 930. The department shall submit a quarterly report to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office on the number of youth in prison. The report shall include, but not be limited to, the following information:

(a) The total number of inmates under age 18 who are not on Holmes youthful trainee act status.

(b) The total number of inmates under age 18 who are on Holmes youthful trainee act status.

(c) The total number of inmates aged 18 to 23 who are on Holmes youthful trainee act status.

Sec. 940. (1) Any lease, rental, contract, or other legal agreement that includes a provision allowing a private person or entity to use state-owned facilities or other property to conduct a for-profit business enterprise shall require the lessee to pay fair market value for the use of the state-owned property.

(2) The lease, rental, contract, or other legal agreement shall also require the party using the property to make a payment in lieu of taxes to the local jurisdictions that would otherwise receive property tax revenue, as if the property were not owned by the state.

Sec. 942. The department shall ensure that any contract with a public or private party to operate a facility to house state prisoners includes a provision to allow access by both the office of the legislative auditor general and the office of the legislative corrections ombudsman to the facility and to appropriate records and documents related to the operation of the facility. These access rights for both offices shall be the same for the contracted facility as for a general state-operated correctional facility.

Sec. 943. The department shall submit a report by May 1 to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office on the actual and projected savings achieved by closing correctional facilities. Savings amounts shall be itemized by facility. Information required by this section shall start with the closure of the Pugsley Correctional Facility, which closed in September of 2016.

Sec. 944. When the department is planning to close a correctional facility, the department shall fully consider the potential economic impact of the prison closure on the community where the facility is located. The department, when

weighing all factors related to the closure of a facility, shall also consider the impact on the local community where the facility to be closed is located.

MISCELLANEOUS

Sec. 1009. The department shall make an information packet for the families of incoming prisoners available on the department’s website. The information packet shall be updated by February 1. The packet shall provide information on topics including, but not limited to: how to put money into prisoner accounts, how to make phone calls or create Jpay electronic mail accounts, how to visit in person, proper procedures for filing complaints or grievances, the rights of prisoners to physical and mental health care, how to utilize the offender tracking information system (OTIS), truth-in-sentencing and how it applies to minimum sentences, the parole process, and guidance on the importance of the role of families in the reentry process. The department is encouraged to partner with external advocacy groups and actual families of prisoners in the packet-writing process to ensure that the information is useful and complete.

Sec. 1011. The department may accept in-kind services and equipment donations to facilitate the addition of a cable network that provides programming that will address the religious needs of incarcerated individuals. This network may be a cable television network that presently reaches the majority of households in the United States. A bilingual channel affiliated with this network may also be added to department programming to assist the religious needs of Spanish-speaking inmates. The addition of these channels shall be at no additional cost to this state.

Sec. 1013. From the funds appropriated in part 1, priority may be given to funding reentry or rehabilitation programs that have been demonstrated to reduce prison violence and recidivism, including faith-based initiatives.

ONE-TIME APPROPRIATIONS

Sec. 1100. From the funds appropriated in part 1 for new custody staff training, the department shall increase the training capacity for new custody staff. The purpose of additional academies is to address higher than normal attrition of correction officers and to decrease overtime costs.

PART 2A

Any and all realized benefits and cost savings shall be specifically reinvested in the counties where the savings occurred in accordance with the Medicaid state plan and any applicable Medicaid waiver.

(5) It is the intent of the legislature that the primary purpose of the pilot projects and demonstration model is to test how the state may better integrate behavioral and physical health delivery systems in order to improve behavioral and physical health outcomes, maximize efficiencies, minimize unnecessary costs, and achieve material increases in behavioral health services without increases in overall Medicaid spending.

(6) The department shall continue to partner with 1 of the state's research universities at least 6 months before the completion of each pilot project or demonstration model authorized under this section to evaluate the pilot project or demonstration model. The evaluation must include all of the following:

(a) Information on the pilot project's or demonstration model's success in meeting the performance metrics developed in this subsection and information on whether the pilot project could be replicated into other geographic areas with similar performance metric outcomes.

(b) Performance metrics, at a minimum, from each of the following categories:

(ii) Improvement of services available to individuals with mental illness, intellectual or developmental disabilities, or substance use disorders.

(iii) Benefits associated with full access to community-based services and supports.

(iv) Customer health status.

(v) Customer satisfaction.

(vi) Provider network stability.

(vii) Treatment and service efficacies before and after the pilot projects and demonstration model.

(viii) Use of best practices.

(ix) Financial efficiencies.

(x) Barriers to clinical data sharing with Medicaid health plans.

(c) A requirement that the evaluation shall be completed within 6 months after the end of each pilot project or demonstration model and will be provided to the department, the house and senate appropriations subcommittees on the department budget, the house and senate fiscal agencies, the house and senate policy offices, and the state budget office.

(7) By November 1 of the current fiscal year, the department shall report to the house and senate appropriations subcommittees on the department budget, the house and senate fiscal agencies, the house and senate policy offices, and the state budget office on the progress toward implementation of the pilot projects and demonstration model described in this section, and a summary of all projects. The report shall also include information on policy changes and any other efforts made to improve the coordination of supports and services for individuals having or at risk of having a mental illness, an intellectual or developmental disability, a substance use disorder, or a physical health need.

(8) Upon completion of any pilot project or demonstration model advanced under this section, the managing entity of the pilot project or demonstration model shall submit a report to the senate and house appropriations subcommittees on the department budget, the senate and house fiscal agencies, the senate and house policy offices, and the state budget office within 30 days of completion of that pilot project or demonstration model detailing their experience, lessons learned, efficiencies and savings revealed, increases in investment on behavioral health services, and recommendations for extending pilot projects to full implementation or discontinuation.

Sec. 299. (1) No state department or agency shall issue a request for proposal (RFP) for a contract in excess of \$5,000,000.00, unless the department or agency has first considered issuing a request for information (RFI) or a request for qualification (RFQ) relative to that contract to better enable the department or agency to learn more about the market for the products or services that are the subject of the RFP. The department or agency shall notify the department of technology, management, and budget of the evaluation process used to determine if an RFI or RFQ was not necessary prior to issuing the RFP.

(2) From funds appropriated in part 1, for all RFPs issued during the current fiscal year where an existing service received proposals by multiple vendors, the department shall notify all vendors within 30 days of the RFP decision. The notification to vendors shall include details on the RFP process, including the respective RFP scores and the respective cost for each vendor. If the highest scored RFP or lowest cost RFP does not receive the contract for an existing service offered by the department, the notification shall issue an explanation for the reasons that the highest scored RFP or lowest cost RFP did not receive the contract and detail the incremental cost target amount or service level required that was required to migrate the service to a new vendor. Additionally, the department shall include in the notification details as to why a cost or service difference is justifiable if the highest scored or lowest cost vendor does not receive the contract.

(3) The department shall submit to the senate and house appropriations subcommittees on the department budget, the senate and house fiscal agencies, the senate and house policy offices, and the state budget office by September 30 of the current fiscal year a report that summarizes all RFPs during the current fiscal year where an existing service received proposals by multiple vendors. The report shall list all finalized RFPs where there was a divergence from awarding the contract to the lowest cost or highest scoring vendor. The report shall also include the cost or service

threshold required by department policy that must be satisfied in order for an existing contract to be received by a new vendor.

DEPARTMENTAL ADMINISTRATION AND SUPPORT

The amount distributed under this subsection shall not exceed 50% of the total operating expenses of the program described in subsection (2), with the remaining 50% paid by local United Way organizations and other nonprofit organizations and foundations.

(2) Funds distributed under subsection (1) shall be distributed to Michigan 2-1-1, a nonprofit corporation organized under the laws of this state that is exempt from federal income tax under section 501(c)(3) of the internal revenue code of 1986, 26 USC 501, and whose mission is to coordinate and support a statewide 2-1-1 system. Michigan 2-1-1 shall use the funds only to fulfill the Michigan 2-1-1 business plan adopted by Michigan 2-1-1 in January 2005.

(3) Michigan 2-1-1 shall refer to the department any calls received reporting fraud, waste, or abuse of state-administered public assistance.

(4) Michigan 2-1-1 shall report annually to the department and the house and senate standing committees with primary jurisdiction over matters relating to human services and telecommunications on 2-1-1 system performance, the senate and house appropriations subcommittees on the department budget, and the senate and house fiscal agencies, including, but not limited to, call volume by health and human service needs and unmet needs identified through caller data and customer satisfaction metrics.

Sec. 316. From the funds appropriated in part 1 for terminal leave payments, the department shall not spend in excess of its annual gross appropriation unless it identifies and requests a legislative transfer from another budgetary line item supporting administrative costs, as provided by section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

CHILD SUPPORT ENFORCEMENT

Sec. 401. (1) The appropriations in part 1 assume a total federal child support incentive payment of \$26,500,000.00.

(2) From the federal money received for child support incentive payments, \$12,000,000.00 shall be retained by the state and expended for child support program expenses.

(4) If the child support incentive payment to the state from the federal government is greater than \$26,500,000.00, then 100% of the excess shall be retained by the state and is appropriated until the total retained by the state reaches \$15,397,400.00.

(5) If the child support incentive payment to the state from the federal government is greater than the amount needed to satisfy the provisions identified in subsections (1), (2), (3), and (4), the additional funds shall be subject to appropriation by the legislature.

(6) If the child support incentive payment to the state from the federal government is less than \$26,500,000.00, then the state and county share shall each be reduced by 50% of the shortfall.

Sec. 409. (1) If statewide retained child support collections exceed \$38,300,000.00, 75% of the amount in excess of \$38,300,000.00 is appropriated to legal support contracts. This excess appropriation may be distributed to eligible counties to supplement and not supplant county title IV-D funding.

(2) Each county whose retained child support collections in the current fiscal year exceed its fiscal year 2004-2005 retained child support collections, excluding tax offset and financial institution data match collections in both the current fiscal year and fiscal year 2004-2005, shall receive its proportional share of the 75% excess.

Sec. 410. (1) If title IV-D-related child support collections are escheated, the state budget director is authorized to adjust the sources of financing for the funds appropriated in part 1 for legal support contracts to reduce federal authorization by 66% of the escheated amount and increase general fund/general purpose authorization by the same

amount. This budget adjustment is required to offset the loss of federal revenue due to the escheated amount being counted as title IV-D program income in accordance with federal regulations at 45 CFR 304.50.

(2) The department shall notify the chairs of the house and senate appropriations subcommittees on the department budget and the house and senate fiscal agencies within 15 days of the authorization adjustment in subsection (1).

Homeless shelters or human services agencies that do not report necessary data to the department for the purpose of meeting TANF eligibility reporting requirements will not receive reimbursements that exceed the per diem amount they received in fiscal year 2000. The use of TANF funds under this section is not an ongoing commitment of funding.

(3) The department shall continue to comply with state and federal law and shall not initiate an action that negatively impacts beneficiary safety. Any cost savings attributed to this action shall be reinvested back into services.

(4) As used in this section, "national accrediting entity" means the Joint Commission, formerly known as the Joint Commission on Accreditation of Healthcare Organizations, the Commission on Accreditation of Rehabilitation Facilities, the Council on Accreditation, the URAC, formerly known as the Utilization Review Accreditation Commission, the National Committee for Quality Assurance, or another appropriate entity, as approved by the department.

Sec. 995. From the funds appropriated in part 1 for behavioral health program administration, \$4,350,000.00 is intended to address the recommendations of the mental health diversion council.

Sec. 997. The population data used in determining the distribution of substance use disorder block grant funds shall be from the most recent federal census.

Sec. 1008. PIHPs and CMHSPs shall do all of the following:

(a) Work to reduce administration costs by ensuring that PIHP and CMHSP responsible functions are efficient in allowing optimal transition of dollars to those direct services considered most effective in assisting individuals served. Any consolidation of administrative functions must demonstrate, by independent analysis, a reduction in dollars spent on administration resulting in greater dollars spent on direct services. Savings resulting from increased efficiencies shall not be applied to PIHP and CMHSP net assets, internal service fund increases, building costs, increases in the number of PIHP and CMHSP personnel, or other areas not directly related to the delivery of improved services.

(b) Take an active role in managing mental health care by ensuring consistent and high-quality service delivery throughout its network and promote a conflict-free care management environment.

(c) Ensure that direct service rate variances are related to the level of need or other quantifiable measures to ensure that the most money possible reaches direct services.

(d) Whenever possible, promote fair and adequate direct care reimbursement, including fair wages for direct service workers.

Sec. 1009. (1) From the funds appropriated in part 1 for Medicaid mental health services and Healthy Michigan plan - behavioral health, the department shall maintain the \$0.50 hourly wage increase for direct care workers as specified under subsection (1) of section 1009 of article X of 2017 PA 107. (2) All closures or consolidations are dependent upon adequate department-approved CMHSP and PIHP plans that include a discharge and aftercare plan for each individual currently in the facility. A discharge and aftercare plan shall address the individual's housing needs. A homeless shelter or similar temporary shelter arrangements are inadequate to meet the individual's housing needs.

(3) Four months after the certification of closure required in section 19(6) of the state employees' retirement act, 1943 PA 240, MCL 38.19, the department shall provide a closure plan to the house and senate appropriations subcommittees on the department budget and the state budget director.

(4) Upon the closure of state-run operations and after transitional costs have been paid, the remaining balances of funds appropriated for that operation shall be transferred to CMHSPs or PIHPs responsible for providing services for individuals previously served by the operations.

Sec. 1056. The department may collect revenue for patient reimbursement from first- and third-party payers, including Medicaid and local county CMHSP payers, to cover the cost of placement in state hospitals and centers. Sec. 402. (1) From the funds appropriated in part 1, the state appellate defender office attorneys and support staff shall ensure Michigan compliance with *Montgomery v Louisiana*, 577 US ____ (2016). The purpose of the program expansion is to ensure competent, resourced, and supervised counsel in cases involving the resentencing of juvenile lifers. The representation by SADO counsel will create opportunities for release, saving prison costs for the state.

(2) The state appellate defender office shall submit a report by September 30 to the senate and house appropriations subcommittees on judiciary, the senate and house fiscal agencies, and the state budget office on the number of juvenile lifer cases investigated and prepared by the state appellate defender office. The report shall include a calculation of hours spent and focus on incremental costs associated with investigating and conducting a robust examination of each case, with particular emphasis on those costs that may be avoided after the cases have been disposed.

Sec. 403. (1) Funds appropriated in part 1 for the youthful sex offender treatment pilot program shall be allocated to the prosecutor's office in a county with a population of not less than 600,000 or more than 700,000 according to the most recent federal decennial census.

(2) Funding appropriated in part 1 for the youthful sex offender treatment pilot program shall be used for assessing sex offenders, between the ages of 17 and 24, for risk, and for providing treatment for eligible offenders for individual and group counseling sessions. Duration of treatment will be determined by and depend on the assessment-based level of identified risk. Victims shall approve of offenders' enrollment in the program.
